

SAUNA
BENCHES

Heat Treat

Build your dream sauna!

HeatTreat sauna benches give you a chance to experience the luxurious and comfortable feeling of a Spa sauna – at your own home!

The included metal frames provide for an easy and care-free construction of a curved, anatomically developed sauna interior, that allows you to enjoy the soothing experience of a sauna in a relaxed pose and for longer periods.

Hasslefree assembly requires you to only saw the timber to length, fasten the metal frames to the wall and screw the boards onto the frame.

Brighten and modernize the appearance of your sauna and improve your DIY skills with the HeatTreat sauna kit.
